

In an increasingly competitive environment,  
how do you and your customers stay a step ahead?

By cost-effectively delivering innovative OEM supplier solutions,  
Brewer offers you

## The Power to Advance

**Brewer**

*Today, recovery times and patient satisfaction levels play significant roles in reimbursement. So how do you make the most of this new healthcare reality?*

**Brewer is uniquely equipped to provide you and your customers with a powerful, competitive edge.**

Many of the biggest OEM names in healthcare turn to Brewer for their therapeutic support surfaces, custom seating and assembly solutions.

They rely on our quick, cost-effective turnarounds to help them remain price competitive. But it's our knowledge of healthcare, our pressure management expertise, and project management experience that really separate us from the rest.

Brewer also combines these strengths with the vertical integration of advanced manufacturing capabilities, services and innovative technologies. As a result, we consistently produce the meaningful advancements that benefit OEMs, their clinical customers and patients.

#### Turn-Key Manufacturing Capabilities

Brewer's extensive manufacturing capabilities are designed to help OEMs reduce production costs, minimize lead times, and enhance short-run flexibility. In the hands of our skilled craftsmen,

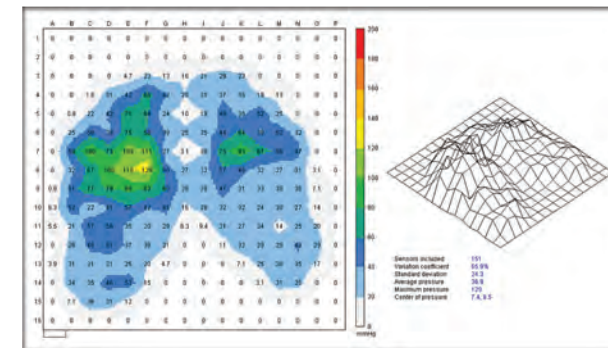

these tools assure that you receive a finished-product that's second to none in terms of quality, performance and appearance. That's why we're able to back them with the best warranties in the business.

- Ultrasonic Welding
- RF Welding
- CNC Cutting
- Printing
- Cut & Sew
- Assembly
- Die Cutting
- Vacuum Forming
- Embroidery

#### Advanced Product Development Services

Our proactive, collaborative design/development approach means we work closely with you to create the innovative products that enhance the patient and clinician experience and improve comfort, safety and efficiency. At the same time, our leading-edge services help assure that product development costs are minimized.

What's more, as an FDA-registered and ISO 13485:2003-certified resource, with Brewer you can take on the world with confidence.

- Design Engineering
- Prototyping
- Pressure Mapping
- Product testing
- Ergonomic Design
- Custom Inventory Management
- Kanban Programs
- Drop Shipping
- Consignment

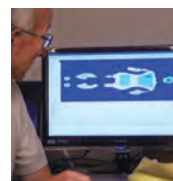

#### Exceptional Leading-Edge Technologies

Brewer is your exclusive source for a wide range of innovative technologies, including the most advanced pressure-reducing technology in the

industry – HybriGel™ Foam. Our ability to uniquely blend technologies enables you to lead the fight against pressure-related "Never Events" such as pressure ulcers. Plus, our electro-mechanical expertise means no design challenge is too complex. So put us to the test and see just how much we can bring to the table... therapeutic support surface... bed... stretcher pad or patient positioning device.

- HybriGel™ Foam
- Structural Design
- Mechanism & Design
- Actuators
- Electronic Controls
- Electronic Interface
- Heaters
- Massage Systems
- Lifting Systems
